What happened in the story "The story of Mai An Tiem" ?

First, King Hung ordered Mai An Tiem and his family to live on an island. The island was very far away.

Then, one day An Tiem found some black seeds and he grew them. The seeds gave watermelons.

Next, An Tiem's family exchanged the watermelons for food and drink.

In the end, King Hung heard about the story and he let An Tiem and his family go back home.
