#### FRANK'S ACCIDENT

It was on my birthday. My parents gave me a wonderful black bike. It was so cool and I really liked it. In the afternoon, I rode my bike through the forest and I thought it was the best part of my birthday. I was so happy. Suddenly a rabbit ran across the path. I tried to stop but I was too fast. Too late! I fell off the bike and landed among some bushes. Ouch! My right leg was hurt, I couldn't move. I shouted for help but there was no one nearby. I even didn't have a mobile with me.

Then there were strange noises from behind the trees and I saw someone. It was Pluto. He was looking for me. He called an ambulance and then I was taken to the nearest hospital. It was lucky for me.

Now, my foot is in plaster and I can't walk to school. But that's not so bad.
